

# Flexible Finance Options

Mitsubishi Electric developed MELFinance Solutions to provide more flexibility to our Corporate Commercial customers

MELFinance helps you to manage your cash flow, while benefitting from the installation of leading **Air Conditioning, Chillers, Heating, Ventilation and Controls** to reduce carbon emissions, operational costs and meet legislative demands.

[www.MELFinanceSolutions.co.uk](http://www.MELFinanceSolutions.co.uk)

Air Conditioning | Heating  
Ventilation | Controls

## Key Features

- Fast, economic and efficient ways to fund new equipment when you need it
- Fixed costs for the duration of the agreement
- Hire purchase and lease rental options are available over 3-6 year terms
- Offset repayment interest against energy savings from new equipment
- Packages can include on-site installation and commissioning fees
- Payment is made upon installation/delivery of the equipment

## Key Benefits

- Working capital is not tied-up
- A flexible alternative to a traditional bank loan
- In most cases, security of finance is limited to the asset
- Release tied-up cash and other credit for other business needs
- Benefit from leading HVAC equipment to reduce carbon emissions and operational costs
- On-site installation and commissioning fees are included in the finance deal
- Tax Relief, Enhanced Capital Allowances and RHI can be claimed\*

\*Subject always to Client's eligibility and to qualifying product selection/system sizing for ECA and RHI.

Applying for finance is easy. Once your quote for equipment, installation and commissioning is agreed, a decision on funding is normally reached by our finance providers within 24 hours.
